

**Answer**

**You** : sure I against, because those youths don't fell responsible about their studies they only think about getting money by the easy way and advertise themselves they don't think about their futur and they are followed by a big responsibility since anyone want to have her own family and children to look after this is rule of life. Way?

**You partner**: that's true but I want to add something else. They are some youths who're say that they want to live the while because they say how long we have live in this life.

**You partner** : I see what you mean but what's important for them to get a lot of money. This is due to too many things the main reason for this is poverty and the second one is parent's behave to words their children

**You** : you're absolutely right there.
