*Ministry of interior
Municipality of
The president of the Municipality*

February 21, 2009

Dear Mr president,

I'm writing this letter on Feb 16th in reply to the municipal communiqué issued , we would like to apply for a grant..

Our project works on environment preservation it aims at protecting the nature, sensitising people about the dangers of pollution and beautify

Our main activities would be encourage volunteers to join our association , to plant trees , flowers, to publish flyers and posters more than that to start a cleaning campaign.

To implement this project, we would need to rent a local, to buy gardening tools and buy brooms, and garbage containers and bins

The project also needs a budget that can be estimated at 10.000 DH.

For more details, we are enclosing a technical card of our project.

*Yours Sincerely,
Aicha makroun*
